**In only one year,
heroin deaths of 18-25 year olds
in New Jersey rose 24%**

**They didn't all start at 18...
Are you talking to your kids yet?**

Adults, parents, & children (6th grade and up) are invited to attend a special presentation titled "Pills to Heroin". This free event, hosted by the Cape May County Prosecutor's Office, in conjunction with Cape Assist and the Ocean City Community Team, will educate the public about the current heroin epidemic that is affecting communities across the country - including Cape May County.

We strongly encourage parents to bring their children to this presentation to learn important information that will benefit young and old alike. The informational program will feature videos, an oral presentation, and a Q&A that will shed light on the extremely dangerous use of pills and heroin. In addition, a private and/or confidential setting will be available for those who request it.
