CITY OF OCEAN CITY

AMERICA'S GREATEST FAMILY RESORT

Memo

DATE: February 19, 2015
TO: City Council
FROM: Dorothy F. McCrosson, Esquire
RE: Ordinance Revision Traffic Ordinance – Seasonal Flash Mode Operation

The Ocean City Police Department obtained authority from Cape May County to set traffic signals on County-owned roads in Ocean City to flash mode on a seasonal basis in 2011. The affected intersections are as follow:

- 24th Street and Bay Avenue
- 40th Street and West Avenue
- 46th Street and West Avenue
- 52nd Street and West Avenue

For purposes of these traffic light settings, “seasonal” means November 1st to March 15th of each year.

The Ocean City Police Department has recommended that two additional intersections (18th Street and Wesley Avenue, and 34th Street and Central Avenue) in Ocean City be set to flash mode from November 1st to March 15th of each year. This recommendation is based on the substantially reduced traffic volumes during the off-season.

The attached ordinance would implement the Police Department’s recommendation.

The ordinance indicates that the red flashing signals would face the cross streets (18th Street and 34th Street) and the yellow flashing signals would face the north-south streets (Wesley Avenue and Central Avenue). This would be consistent with the operation of the flashing signal at the County-operated intersections.

ORDINANCE NO. 15-09

A BOND ORDINANCE APPROPRIATING \$8,293,300.00 AND AUTHORIZING THE ISSUANCE OF \$7,878,635.00 IN BONDS AND NOTES OF THE CITY OF OCEAN CITY FOR THE VARIOUS IMPROVEMENTS OR PURPOSES AUTHORIZED TO BE UNDERTAKEN BY THE CITY OF OCEAN CITY, NEW JERSEY

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF OCEAN CITY, COUNTY OF CAPE MAY, STATE OF NEW JERSEY, (not less than two-thirds of members thereof affirmatively concurring) AS FOLLOWS:

Section 1. The several improvements described in Section 3 of this Bond Ordinance are hereby respectively authorized as general improvements to be made or acquired by Ocean City, New Jersey for said several improvements or purposes stated in Section 3, there are hereby appropriated the respective sums of money therein stated as the appropriations made for said improvements or purposes, said sums being inclusive of all appropriations heretofore made therefore and amounting in the aggregate to \$8,293,300.00 including the aggregate sum of \$414,665.00 from Capital Improvement Fund as the several down payments for said improvements for purposes required by law and more particularly described in Section 3 and now available therefore by virtue of a provision in a previously adopted budget or budgets of the City for down payment or for capital improvement or purposes.

Section 2. For the financing of said improvements or purposes and to meet the part of said \$8,293,300.00 appropriations not provided for by application hereunder of said down payments, negotiable bonds of the City of Ocean City are hereby authorized to be issued in the principal amount of \$7,878,635.00 pursuant to the Local Bond Law of New Jersey. In anticipation of the issuance of said bonds and to temporarily finance said improvements or purposes, negotiable notes of the City in a principal amount not exceeding \$7,878,635.00 are hereby authorized to be issued pursuant to and within the limitations prescribed by said law.

Section 3. The improvements hereby authorized and the several purposes for the financing of which said obligations are to be issued, the appropriations made for an estimated cost of each purpose (in each case, including all work or materials necessary therefore or incidental thereto, and as shown on and in accordance with the plans and specifications therefore on file in the Office of the City Clerk and hereby approved), and the estimated maximum amounts of bonds or notes to be issued for each such purpose, are respectively as follows:

SEE ATTACHED SECTION 3

The excess of the appropriations made for each of the improvements or purposes aforesaid over the estimated maximum amount of bonds or notes to be issued therefore, as above stated, is the amount of the said down payment for said purpose.

Section 4. The following additional matters are hereby determined, declared and recited as stated:

(a) The said purposes described in Section 3 of this Bond Ordinance are not current expenses and are each a property or improvement which the City may lawfully acquire or make as a general improvement, and no part of the cost thereof has been or shall be specifically assessed on property specifically benefited thereby.

(b) The average period of usefulness of said purposes within the limitations of said Local Bond Law and taking into consideration the respective amounts of the said obligations authorized for the several purposes, according to the reasonable life thereof computed from the date of the said bonds authorized by this Bond Ordinance is 8.52 years.

(c) The supplemental debt statement required by the said law has been duly made and filed in the Office of the City Clerk and a complete executed duplicate thereof has been filed in the Office of the Director of the Division of Local Government Services in the Department of Community Affairs of the State of New Jersey, and such statements show that the gross debt of the City as defined in said law is increased by the authorization of the bonds and notes provided for in this Bond Ordinance by \$7,878,635.00 and the said obligations authorized by this Bond Ordinance will be within all debt limitations prescribed by said law.

(d) Amounts not exceeding \$1,500,000.00 in the aggregate for interest on said obligations, costs of issuing said obligations, engineering cost and other items of expense listed in and permitted under Section 40A:2-20 of said Law, may be included as part of the cost of said improvements are included in the foregoing estimate therefore.

Section 5. The funds from time to time received by the City on account of any grant or monies referred to in Section 1 of this Bond Ordinance shall be used for financing the improvement or purpose described in Section 3 of this Bond Ordinance, by application thereof, either to direct payment of the costs of said improvements or purpose, or to payment or reduction of the amount of the obligations of the City authorized by this Bond Ordinance. Any such funds so received may, and all such funds so received which are not required for direct payment of such costs shall, be held and applied by the City as funds applicable only to the payment of obligations of the City authorized by this Bond Ordinance.

Section 6. All bond anticipation notes issued hereunder shall mature at such time as may be determined by the Chief Financial Officer; provided that no note shall mature later than one (1) year from its date. The notes shall bear interest at such rate or rates and be in such form as may be determined by the Chief Financial Officer. The Chief Financial Officer shall determine all matters in connection with notes issued pursuant to this Ordinance, and the Chief Financial Officer's signature upon the notes shall be conclusive evidence as to all such terminations. All notes issued hereunder may be renewed from time to time subject to the provisions of N.J.S.A. 40A:2-8.1(a). The Chief Financial Officer is hereby authorized to sell part or all of the notes from time to time at public or private sale and to deliver the same to the purchaser thereof upon receipt of payment of the purchase price plus accrued interest from their dates to the date of delivery thereof. The Chief Financial Officer is directed to report in writing to the Administrator and Council at the meeting next succeeding the date when any sale or delivery of the notes pursuant to this Ordinance is made. Such report must include the amount, the description, the interest rate, the maturity schedule of the notes sold, and price obtained and the name of the purchaser.

Section 7. The City hereby declares the intent of the City to issue bonds or bond anticipation notes in the amount authorized in Section 2 of this bond ordinance and to use the proceeds to pay or reimburse expenditures for the costs of the purposes described in Section 3(a) of this bond ordinance. This Section 7 is a declaration of intent within the meaning and for purposes of Treasury Regulations §1.150-2 or any successor provisions of federal income tax law.

Section 8. The Chief Financial Officer of the City is hereby authorized to prepare and to update from time to time as necessary a financial disclosure document to be distributed in connection with the sale of obligations of the City and to execute such disclosure document on behalf of the City. The Chief Financial Officer is further authorized to enter into the appropriate undertaking to provide secondary market disclosure on behalf of the City pursuant to Rule 15c2-12 of the Securities and Exchange Commission (the "Rule") for the benefit of holders and beneficial owners of obligations of the City and to amend such undertaking from time to time in connection with any change in law, or interpretation thereof, provided such undertaking is and continues to be, in the opinion of a nationally recognized bond counsel, consistent with the requirements of the Rule. In the event that the City fails to comply with its undertaking, the City shall not be liable for any monetary damages, and the remedy shall be limited to specific performance of the undertaking.

Section 9. The full faith and credit of the City are hereby pledged to the punctual payment of the principal of and interest on the said obligations authorized by this Bond Ordinance. Said obligations shall be direct, unlimited obligations of the City, and the City shall be obligated to levy ad valorem taxes upon all the taxable property within the City for the payment of said obligations and interest thereon without limitations of rate or amount.

Section 10. The Capital Budget of the City of Ocean City is hereby amended to conform with the provisions of this Ordinance to the extent of any inconsistencies created hereby. To the extent of any inconsistencies, a revised budget has been filed with the Division of Local Government Services.

Section 11. The Bond Ordinance shall take effect twenty (20) days after first publication thereof after final adoption, as provided by said Local Bond Law.

Jay A. Gillian, Mayor

Anthony P. Wilson, Council President

The above Ordinance was taken up by the Council of Ocean City, New Jersey, at a meeting of said Council held on the **12th** day of **March, 2015** and will be taken up for a second reading and final passage at a meeting of said Council held on the **26th** day of **March, 2015** in Council Chambers, City Hall, Ocean City, New Jersey, at seven o'clock in the evening.

RE: **AUTHORIZATION OF SPECIFICATIONS FOR CITY CONTRACT #15-25

Assistance is being sought in advancing the general requirements and specifications for City Contract #15-25 Supply & Delivery of Fluorescent Bulbs, LED Bulbs & Electronic Ballasts.

There is a wide array of bulb and ballast needs associated with the numerous lighting fixtures that relate to the various buildings throughout the City and thus a formal bid package was completed in effort to get a competitive price, save money and address the needed supply for the current year. A similar and successful approach was used last year to acquire the LED lamps for the boardwalk lighting.

Please let me know if there are any questions and thank you for your time and assistance in this matter.

Memo

To: Joseph Clark, QPA, Purchasing Manager
From: Arthur J. Chew, PE, PP, CFM, CME, CPWM
CC:
Date: March 18, 2015
Re: Recommendation of Award - Contract 15-22 – Job # 2-2015-022

A handwritten signature in blue ink, appearing to read "A. Chew", is placed over the "From:" field of the memo header.

I have reviewed the qualifications and bid prices of Test America and find them acceptable. The pricing submitted is consistent (actually \$0.01 cheaper per sample than previous price submitted) with similar work.

For the proposed emptying of the dredge spoils from Site 83, only 32 samples need to be tested. The bid quantity of 100 samples was set above the minimum needed for Site 83 in order to save time if additional testing is needed at Site 83 or if testing is needed at the Route 52 CDF.

The testing is required by NJDEP in order to move the dredge spoils from one of the confined disposal facilities.

INTRODUCTION

As requested by the City of Ocean City (City), Michael Baker, Jr., Inc., a Michael Baker International Company, (Baker) will prepare a Flood Mitigation Concept Development Report to assess potential methods to reduce flooding in the drainage areas of West Avenue to Bay Avenue from 26th to 34th Streets. The goal of the report will be to recommend a phased strategy to improve mitigation of the flooding conditions within the project area and also to meet the City's roadway improvement goals. The phased approach will target quick strategies that can be accomplished in the following year as well as long term strategies. Accompanying the strategies will be a description of the potential flood mitigation options, a construction cost estimate for the various options, and a schedule for design and construction.

SCOPE OF SERVICES

1. **Field Visit and Data Collection.** Baker will visit the project site to investigate current conditions. Included in this investigation will be a wetland delineation, a verification of the drainage features, and collection of the city's available as-builts, survey, and design documents.
2. **Review Existing Conditions.** Baker will review the best available data collected and prepare an existing conditions hydrology study and a model of the existing drainage system. Environmentally sensitive areas will be included in a map of the study area. Recommendations will be developed from the results of this study and the environmental review.
3. **Prepare Concept Report.** From the existing data and the study, Baker will prepare a phased strategy to mitigate flooding conditions of the area and also meet the City's roadway improvement goals. Included with this report will be construction cost estimates, design schedules, construction schedules, and permitting requirements.
4. **Present the Concepts.** The results of the assessment will first be presented to City officials and then presented to residents at a public meeting. Baker will prepare presentation boards depicting the potential improvements for the area. Meeting minutes and documentation of the discussions will be provided by Baker.
5. **Project Management and Meetings.** Project Management will include coordination with the City, staff assignments, oversight of the technical work, Quality Assurance / Quality Control of the performed work for compliance with the contract scope of services, schedule and budget.

Deliverables

The following deliverables will be provided as part of the above effort:

- Flood Mitigation Concept Development Report

Schedule

The schedule for this task is as follows:

Notice to Proceed	NTP
Field Collection and Site Visit	NTP + 1 Business days
Review Existing Conditions	NTP + 15 Business days
Prepare Mitigation Concept Report	NTP + 25 Business days
Present Mitigation Concepts	NTP + 35 Business days

Notes and Assumptions:

- City will provide the latest plans, as-builts, and available survey for the project area.
- No new survey will be provided at this time, as it is anticipated that the existing analysis will approximate elevations from the best available data.
- ROW and Riparian information will be based on existing City tax maps
- Baker assumes that a meeting (1) will be had with the City officials to present the strategies as well as a meeting (1) with the public to present the strategies.
- Baker assumes three (3) field visits to evaluate the existing systems and environmental impacts.
- Wetlands will be delineated, but survey collection of the points will be the City's responsibility.

Re: 29th Street Fire House Storm Damage Restoration and Recommendation of new work. Job #05-2013-041, Contract # is Q-14-002 –professional services contract to Czar Engineering, LLC

I have reviewed the fee request Czar Engineering for fees of \$38,500 and as broken down in the attachment. The conceptual plan initiated was the driving force behind the original design concept that we all agreed upon. Bid documents were drafted and final design completed but the estimated price was beyond the budget which included FEMA monies. Several other conceptual plans were developed with the evolvement of an entirely new set of plans and bid documents including the addition of exterior restrooms for the public's use, and a fire tower reminiscent of fire houses of old was added while being in full compliance with FEMA for a 500 year flood event. The increase of architectural fees by \$20,500 represents the largest increase followed by HVAC design changes of \$12,000 and structural fee increase of \$6,000. The professional has made every attempt to stay within the original budget but the design changes were not insubstantial and the additional elements drove up the fees.

Therefore I recommend that the submission be approved due to circumstances beyond the control of the original contract.

RE: Reconstruction of the
29th Street Fire Station #2
Ocean City, New Jersey

Dear Mr. McLarnon:

Per our original agreement, the project scope generally includes the renovation of existing building space, compliant with applicable FEMA requirements for flood plain, and 3,000 SF of additional building space. Spaces included in the new addition/renovation include:

- a. Renovation of (2) existing apparatus bays, including new equipment storage space and the incorporation of exercise space.
- b. The introduction of (1) new apparatus bay, in the location of the previously existing dorm space, designed to house beach patrol equipment and vehicles.
- c. Exterior parking areas, below the proposed building addition, for employee parking.
- d. Living Room & Kitchen space provided in the addition at a second floor area, providing necessary eating and living area for personnel on-duty.
- e. (2) new Dormitory/Bedrooms providing bunk space for personnel on-duty, accommodating a total of (5) employees.
- f. (1) new Office/Private Quarters including sleeping space and office/administrative space for one employee.
- g. (1) new gang restroom & locker area, including showers and changing space.
- h. (1) new unisex ADA compliant restroom & locker area, including ADA compliant shower and changing space.
- i. Exit & communicating/access stairs as required depending upon the final configuration of the building solution.

We completed and submitted overall control budgets for Schematic Design, Design Development and 90% of Construction Documents phases. It was then determined that available funding had been substantially reduced and you asked us to redesign the project.

Following up on our last meeting, we submitted to you the new concept design and associated cost estimate (see attached) and, per your direction, we are proceeding with new construction documents.

Reconstruction of the
29th Street Fire Station #2
Ocean City, New Jersey

For this work, we will require a fee of \$38,500 itemized as follows:

Architectural	= \$20,500
Mechanical Engineering	= \$12,000
Structural Engineering	= \$6,000

Work will continue with your authorization of this extra work order and proceed per the contract provisions and these qualifiers of our basic services agreement.

If you have any questions, please contact this office.

Very truly yours,

Lamont H. Czar, P.E.

Re: Extension of City Contract 13-36

Date: March 16, 2015

I would like to recommend the extension of City Contract 13-36, Airplane Rides Based from Ocean City Municipal Airport with Aerial Skyventures, Inc. dba Red Baron. Although it is \$1,963.50 for the season, it allows visitors and residents another form of entertainment when they visit our City. The normal hours of operation will be 8:00 am to 5:00 pm only, and run Monday through Sunday. This is a four month contract that runs basically June through September. For the past two years they have serviced the public well in Ocean City.

AMERICA'S GREATEST FAMILY RESORT

DEPARTMENT OF FINANCIAL MANAGEMENT

March 19, 2015

Dear City Council Members,

This memo is intended to provide backup to the resolution awarding a contract to ADP. The City utilizes two proprietary ADP software systems to administer both the Payroll and HR functions for all city employees. These software systems track and store all employee payroll, benefit, and other pertinent information throughout the career of an employee. They also integrate with our time and attendance systems by which employees clock in and out at various locations. ADP also processes the city payroll on a biweekly basis, including issuing live pay checks, direct deposits, and various associated payroll reports as well as annual W-2 reporting.

The value of this contract is based off how many employees are being paid on a biweekly basis throughout the year. The city employment base generally ranges from 400 to 450 in the winter and 1,000 to 1,100 in the summer, or an annual average of 750. Based on this the value of the contract on an annual basis for the past 3 years has been a consistent average of \$107,000.

As always, if you have any questions on this resolution please feel free to contact my office at 609.525.9350.

Sincerely,

A handwritten signature in blue ink, appearing to read "F. Donato III".
