MEMORANDUM

TO: CITY COUNCIL
FROM: MICHAEL DATTILO
DATE: APRIL 2, 2015
RE: SKATEPARK

This resolution will authorize going to bid for the construction of the skate park in the 500 block of Asbury Avenue.

Attached is the site plan and some renderings of the skate park. The design was developed to provide a park with an appropriate degree of challenge and fun balanced with safety. There has been an extensive amount of input provided by the local skating community.

The design is consistent with the guidelines of the JIF and MEL to insure liability coverage.

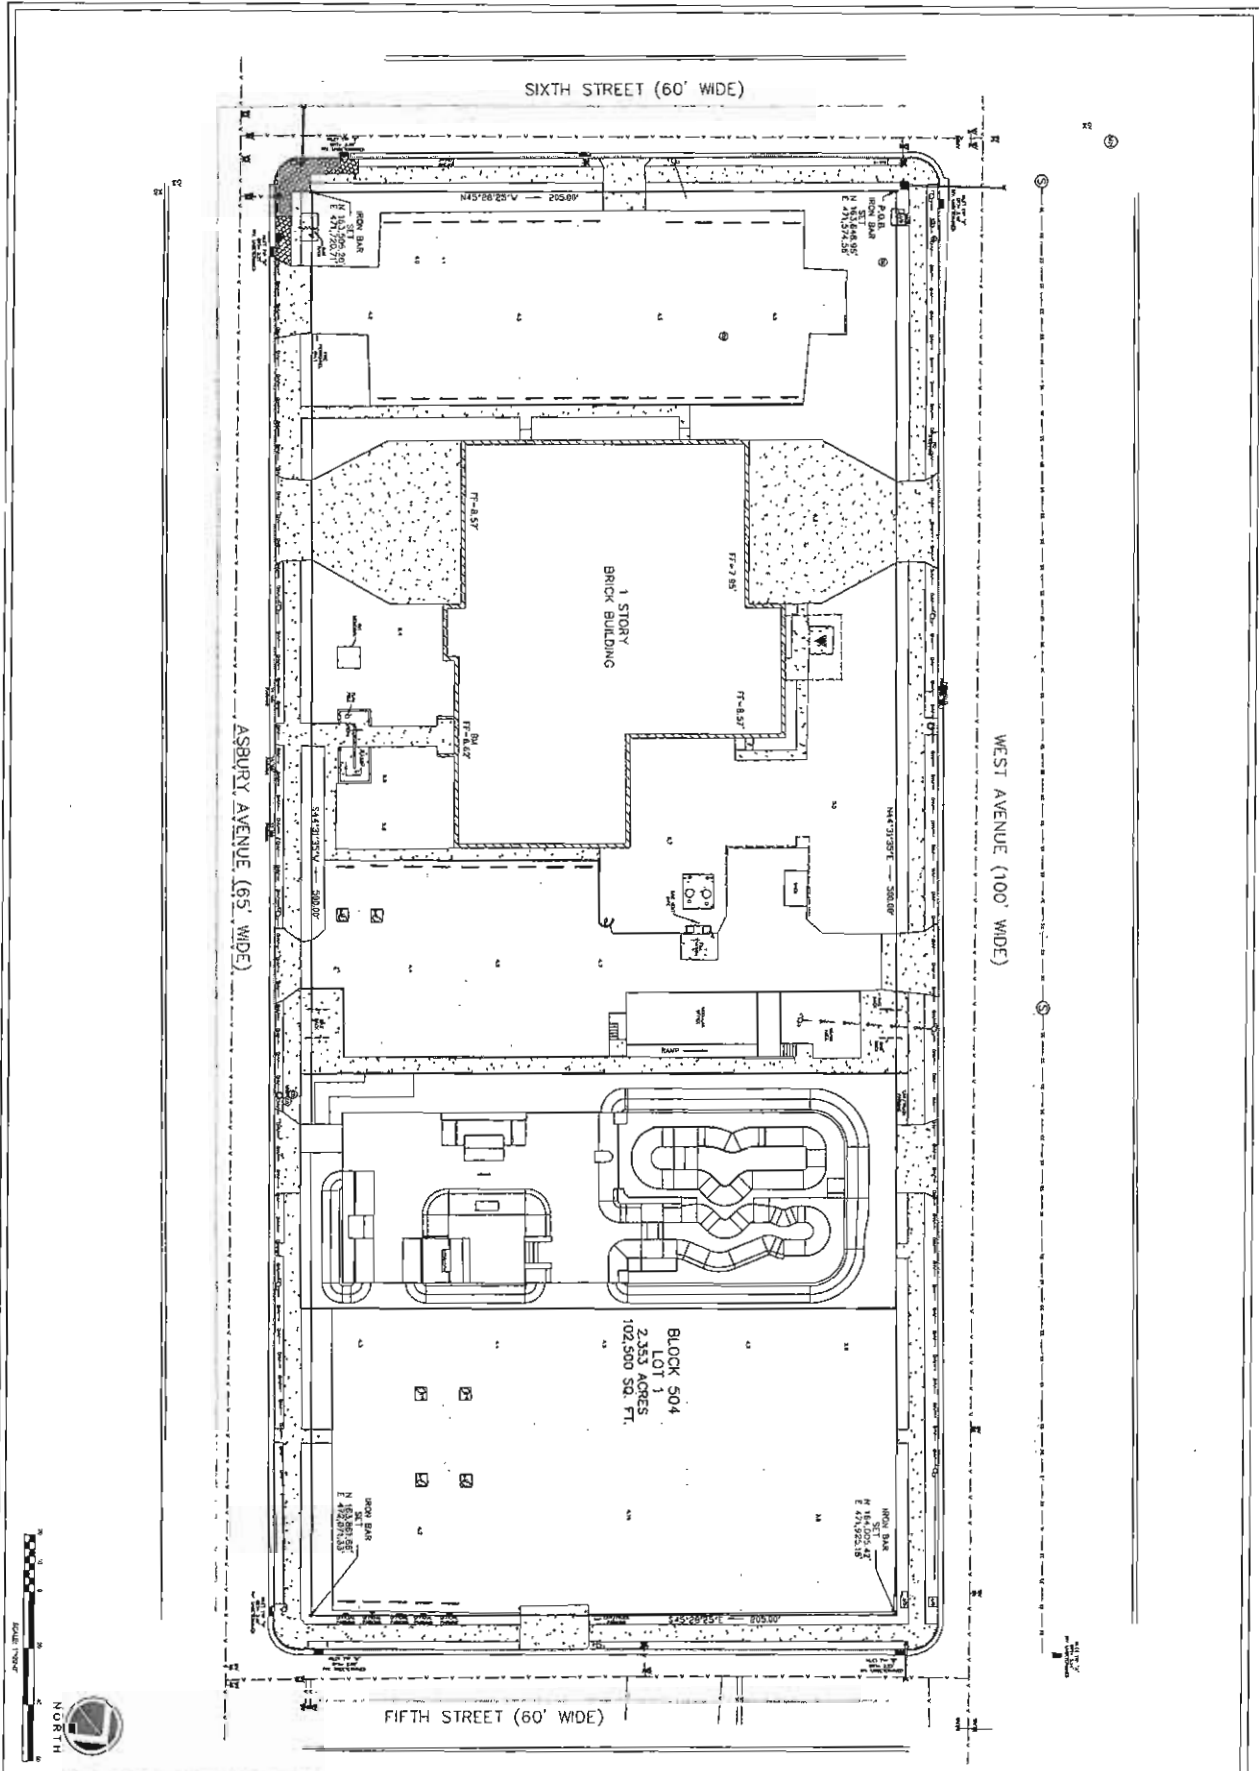

The Administration has also reviewed these plans with the Ecumenical Council in consideration for their concerns regarding the operation of the Clothes Closet. There is an ample buffer between the park and the Clothes Closet and this area will be heavily landscaped.

More detailed sets of drawings will be available this week in my office if you wish to review them.

If you have any questions please let me know.

Re: Recommendation of Award - Contract 15-03 – Job # 1-2015-024

I have reviewed the qualifications and bid prices of Reed and Prince Manufacturing, Inc. and find them acceptable. The company has recently previously supplied the City of Ocean City with screws at a price of \$0.58/screw and this price is lower at \$0.53/screw. Their previous work has been generally acceptable and I have no objection with the contract being awarded to Reed and Prince Manufacturing, Inc.

The screws supplied are specialty screws made of stainless steel to prevent rusting in the shore environment. They are also of a heavy gauge that the City has found to reduce boards from becoming loose and thus reduce the number of trip and fall cases on the boardwalk.

March 30, 2015

Dear City Council Members,

This memo is intended to provide backup to the resolution awarding a professional services contract to HR in Tune. Our long time employee who handled payroll and pension processing retired in September of 2014 on fairly short notice. The City did not have time to advertise the position and train a new hire, so instead decided to outsource the duties to a company who could fill in given these circumstances. HR in Tune is charging \$8,000 monthly to provided said services and will exceed the pay-to-play threshold for 2015.

The City is currently advertising to fill the position permanently. Once a successful new hire is selected HR in Tune will also assist in the training and transition to allow for a smooth process. HR in Tune has been a valuable business partner to the City over the past several months. Their staff are professional, knowledgeable, and have been a pleasure to work with during this period.

As always, if you have any questions on this resolution please feel free to contact my office at 609.525.9350.

Sincerely,

A handwritten signature in blue ink, appearing to read "F. Donato III".

RESOLUTION

AUTHORIZING THE CITY OF OCEAN CITY TO EXECUTE A RESOLUTION OF SUPPORT FOR THE STATE HOUSE COMMISSION PRE-APPLICATION TO THE NJDEP GREEN ACRES PROGRAM FOR LOCAL PARKLAND-MINOR DISPOSAL/DIVERSION

WHEREAS, Block:505 Lot:1 & Block:506 Lot:1&2, 6.71 acres, is part of the City of Ocean City, New Jersey which is encumbered with restrictions against disposal or diversion from recreation and conservation uses by the New Jersey Department of Environmental Protection's Green Acres Program; and

WHEREAS, in conjunction with the proposed North End Pumping Station, it is necessary to remove the Green Acres restrictions from a portion of the 6.71 acre, Richard S. Grimes Memorial Park; and

WHEREAS, the removal of Green Acres restrictions from the Richard S. Grimes Memorial Park requires the approval of the Commissioner of the Department of Environmental Protection and the State House Commission pursuant to N.J.A.C. 7A:36-26; and

WHEREAS, the Governing Body of the City of Ocean City desires to apply for approval of North End Pumping Station within the Richard S. Grimes Memorial Park as a minor disposal or diversion of parkland N.J.A.C. 7A:36-26.4; and

WHEREAS, in accordance with N.J.A.C. 7:36-26.4 9(d)10, it is necessary for the City of Ocean City to submit as part of the pre-application a Resolution endorsing the application to divert or dispose of a portion of the parkland known as the Richard S. Grimes Memorial Park; and

THEREFORE BE IT RESOLVED, that the City Council of the City of Ocean City, in the County of Cape May, State of New Jersey as follows:

1. The City of Ocean City endorses the filing of a pre-application for a portion of the Richard S. Grimes Memorial Park pursuant to N.J.A.C. 7:36-26;
2. The City of Ocean City hereby finds that Richard S. Grimes Memorial Park would meet the minimum substantive criteria at N.J.A.C. 7:36-26.1(d) by the creation of the North End Pumping Station which will deter flooding of homes and streets;
3. The City of Ocean City acknowledges that in order to obtain the approval of Richard S. Grimes Memorial Park, all substantive and procedural requirements of N.J.A.C. 7:36-26 must be met, including compensation requirements at N.J.A.C. 7:36-26.5; and
4. The City of Ocean City acknowledges that in the event the Green Acres Program classifies the Richard S. Grimes Memorial Park as a major disposal or diversion of parkland, additional application information will be required under N.J.A.C. 7:36-26 before the application can proceed.

Memo

To: Joseph S. Clark, City Purchasing Manager

From: Michael Rossbach, Community Operations

CC: Michael Dattilo, Frank Donato, James Mallon & Roger McLarnon

Dated: April 2, 2015

Re: Ford F-150 4WD Pickup Trucks Acquisitions

The Department of Community Operations is requesting support and approval to purchase two (2) 2015 extended cab Ford F-150 4WD pickup trucks. These vehicles were budgeted as part of the approved 2014 Capital Plan and, if approved for purchase these vehicles will be acquired through the Houston-Galveston Area Council of Governments National Cooperative Purchasing Program commonly known as HGAC-Buy. The new vehicles will be direct replacements for two (2) pickup trucks currently being utilized in the fleet. One truck is a 2001 Dodge Dakota 4WD Pickup (PW-P2) with 69,510 miles on it, which has been assigned to the Sanitation Division that deals with daily solid waste and recycling issues throughout the City. The replacement truck will be outfitted with an extended cab and four wheel drive. The second truck scheduled to be replaced is a 1999 Ford 4WD F-250 with 95,473 miles on it, which has been assigned to the Facilities Operations Division.

Both of pickup trucks that are being replaced are showing considerable rust on the rocker panels, springs, frame and bed. Additionally each has various mechanical issues that in the end could become very costly, if we were to pursue the needed repairs. Upon receipt of the new pickup trucks in approximately 60-90 days the two (2) identified vehicles will be cycled out of the fleet and auctioned off on GovDeals.com.

DEPARTMENT OF FIRE & RESCUE
SERVICES

To: Joseph S. Clark, QPA, City Purchasing Manager
From: Thomas Mullineaux, Chief of Operations - OCBP
Subject: Purchase of a 2015 Ford F-250 Pickup Truck
Dated: 3/30/15

The new 2015 Ford 4x4 Pickup Truck will replace a 2001 Ford F-250 Pickup Truck. The 2001 pickup truck was originally handed down to the beach patrol from the Department of Public Works, where the truck was utilized by the beach cleanup crew for a number of years. The truck was utilized to haul trash and debris off of the beach during the summer season. Subsequently the bed and the frame of the truck are now showing extreme areas of rust and decay. Over the years patches have been made by the Vehicle Maintenance Shop to those areas and it has now been determined that the vehicle is beyond its useful life. It has been determined that it is no longer cost effective to sink additional funds into the repair of this vehicle. Further the Vehicle Maintenance Shop has determined this vehicle is no longer road worthy and should be replaced at this time. Thus it is our recommendation that a new F-250 4x4 Pickup Truck be purchased for the Department.

The new truck will be utilized by the OC Beach Patrol for five (5) months of the year and then will be assigned for the remainder of the year to the Fire Department for use as they see fit.

When in use the 4x4 pickup truck is utilized on a daily basis to take equipment such as stands, surfboards, PWC's, rescue boards, storage boxes, oars, etc... on and off of the beachfront areas. Additionally the truck is utilized to transport tools to the beach that are necessary to perform various repairs of beach patrol equipment.

In closing we are asking for your support of this necessary vehicle that is vital to our daily operation of the Beach Patrol during the summer months.

AMERICA'S GREATEST FAMILY RESORT

To: Joseph S. Clark, QPA, City Purchasing Manager

From: James J. Toto, Public Works Supervisor, Fleet Operations

Subject: Acquisition of Lifts and Tire Machines

Due to the age of our heavy duty tire machine and the inability to get new parts, I am requesting that this machine be replaced. The 3 phase electric motor has been rebuilt three times and cannot be rebuilt any more. Once that machine is replaced, it will leave the City's equipment list and be sold for parts.

Our light duty tire machines cannot handle the type of tires, since we have moved to larger tires for beach work. Our balancing machine is limited in size also. These machines will be re-utilized on the Police side of our facility. This will reduce the time to repair tires and balance them, along with reducing the risk of injury by moving tires across the shop.

Our shop's knowledge capacity to repair vehicles has increased. Our biggest limiting factor has become lifts. A majority of the time we are waiting for a lift to become available, so that repairs can commence. We are more thorough, during the repair process, while the machine is in the air since we can see the entire undercarriage. The different size lifts gives us the versatility to repair everything from the larger dump trucks to the smaller passenger cars. This also provides the City with two aspects of safety concerns. The first concern is the proper and thorough repair of the vehicle. The second concern is the safety of the people working on them. We will be limiting the chance for injuries to happen.

Ocean City, Material Removal from CDF #83

Thursday, March 26, 2015

Mr. Roger Rinck:

Last week I sent you a correspondence stating that Wickberg Marine has negotiated with a couple of entities to lower their typical tipping fees to a level that we can save the City approximately \$2.00/ cubic yard. This saving would calculate out to a savings of \$100,000 for this project.

This was discussed at the Pre-Construction meeting on 3/4/15 and after great lengths we have come to terms with Tuckahoe Turf Farms and it is our intention to use their services. The Tuckahoe site is not as clean a deal as it would be at the Wildwood site, or A&H Mining. There is preparation work as well as site management that we will need to administer, but the cost savings still allow for the \$2.00/ cubic yards savings to the City.

The contract section 202.04 allows for the contractor to "utilize another facility". The only stipulation is that the price "must be lower than the shared services price of \$14/ cubic yard.

This is a formal letter, requesting change order #1 be executed, for the disposal of 50,000 cubic yards of dredge spoils.

Please respond to this request at your earliest convenience. We have already commenced with the preparation details for the Disposal Site, so please contact me as soon as possible.

Thank You
